The Effect Was Magical

I suffered from cancer on my lip that defied the skill of the best physicians of the State. I had it burned out, but the operation only made it worse, causing it to spread over more surface and eat deeper in. I finally used Swift's Specific (S. S. S.) to heal it up and drove the poison out of my blood. The effect of the Specific was magical! It healed up entirely without leaving a scar as a reminder. This was over four years ago, and since then there has been no sign of a return of the cancer. I will cheerfully answer any inquiries in regard to my case.
